

HSP 3:

Legislative & Other Requirements

AUTHORISATION: Signature

Date

Purpose and Scope

The Company HS&E Policy Statement makes a commitment to achieving and maintaining legislative compliance.

In order to achieve this objective, this procedure requires all Managers to identify the requirements of all items of H&S legislation which apply within the areas that they operate and any other H&S requirements that may be applicable to their operations or activities.

Procedure

The Director responsible for H&S shall ensure that:

- a procedure is established and maintained to identify the relevant H&S regulatory requirements which are applicable to the operations of the Company;
- procedures are established and maintained to identify the relevant requirements of this H&S legislation, and any other requirements to which they subscribe, and are applicable to H&S performance;
- responsibilities are defined and allocated to ensure compliance with these regulatory requirements and that any monitoring, which may be required to demonstrate compliance, is carried out;
- responsibilities are defined and allocated to ensure that this information is kept up to date and those with responsibility for compliance are notified of any changes;
